07.10.2020

Chambers and Partners recognized Hirschel Abbott, Laura Walker Plunkett, and Erin Kriksciun in the Private Wealth Law Louisiana section of the 2020 High Net Worth guide. Stone Pigman is the **only** Louisiana firm listed in Band 1 of the Private Wealth Law Louisiana category with one interviewee commenting, "They are professional and highly experienced, their expertise is solid, and clients trust them and enjoy working with them."

Mr. Abbott received the sole Senior Statesperson ranking in the category in Louisiana and is described as "the most experienced lawyer in their group and has been around a long time, but is very easy to work with. He is able to frame complex situations simply for clients." Ms. Plunkett is ranked in Band 2 and one interviewee said that "her knowledge is second-to-none and she can connect with clients in a way that gives them comfort." Ms. Kriksciun joined the Chambers and Partners list this year as an Associate to Watch. (Ms. Kriksciun became a member in the firm shortly after the submission deadline for this edition.) One source commented, "She handles things incredibly well for her age, she's knowledgeable and has a great demeanor."
